## INTRODUCTION

The Division of Support Programs has developed this Programmatic/Technical Assistance Handbook to provide the Job Training Partnership Act program coordinator with information and procedures needed for successful implementation of the JTPA program in the public schools. Its primary intent is to be an immediate source for the program coordinator to consult when clarification in various program areas is needed. Its use, in conjunction with the eight percent (8%) Job Training Plan, will be a useful resource tool in working toward program goals and objectives of the respective projects.

The mission of the Division of Support Programs is to ensure the coordinated delivery of services in local school administrative units to educationally disadvantaged, migratory and other at-risk students to help them increase their educational achievement, acquire employment skills, and successfully complete high school.

## PROGRAM OVERVIEW

The Department of Public Education, Division of Support Programs, has designed programs to serve economically disadvantaged, potential and actual dropout youth, ages 14-21, in the junior and senior high schools, alternative programs, and training schools of North Carolina. The program is designed to assist eligible youth in a successful transition from school to the work world while they complete high school. The Division of Support Programs will coordinate efforts within its division to carry out its objectives in conjunction with the Division of Vocational Education, the Division of Employment and Training, the Department of Labor, business/industry and state/local agencies.

Programs funded for the 1988-89 program year are designed to serve youth in the following activities:

Institutional Skills Training - designed to prepare students for technical careers and/or entry into a technical program at the community college level

Basic Education - designed to provide remedial education in reading, writing, language and mathematics

Services to Participants - designed to provide the employment and training services with emphasis on assessment and counseling which are needed to enable the participants to have maximum opportunities in unsubsidized employment

Education for Employment - designed to provide for the educational and employability needs of youth, ages 16-21, who are potential or actual school dropouts

Pre-employment Skills Training - designed to provide pre-employment skills training and instruction to youth, 14-21 years old, who plan to enter the job market after graduation

School to Work Transition - designed to provide occupational information, job search assistance, job clubs, job placement, job development, referral, and follow-up to high school seniors who plan to enter the full-time labor market upon graduation

Work Experience - designed to provide economically disadvantaged youth with subsidized employment in the public or private sector to prepare them for unsubsidized employment upon completion of the activity or upon completion of high school

NDN Projects - Mini Grants - designed to provide supplemental funds to LEAs for the adoption of an exemplary NDN program of the assessment, pre-employment skills training, career exploration, or basic/remedial education type

## OUTREACH/RECRUITMENT

Outreach/recruitment is an essential service in developing successful programs. It is intended to provide program operators with a pool of eligible applicants from which to select students most in need of program services. The target groups designated in the funding application will be given enrollment priority.

The methods and types of activities utilized by program operators in their outreach/recruitment efforts will vary. Those selected should effectively reach the targeted population. Examples of such activities are outlined in the Job Training Plan, but do not include all alternatives. Documentation of outreach/recruitment activities is required to show the selection procedures. It is the responsibility of each program coordinator to devise a method for documenting outreach/recruitment efforts.

(See example of outreach/recruitment documentation below.)

---

### Outreach/Recruitment Documentation

Date	Activities
9/10/88	Explained the program's goals and objectives and requested referrals during the faculty meeting
9/12/88	Placed posters around the school to explain the program and recruit applicants
9/17/88	Reviewed the free lunch list and requested conferences with possible applicants to explain the program

## MARKETING ACTIVITIES

Brochures, newspaper articles, and radio spot announcements are required marketing activities in each program. Additional marketing activities may includ television spot announcements, local billboards, placements, and other written materials which facilitate the marketing strategies.

## PROGRAM ENROLLMENT

The projected enrollment for each program set forth in the Job Training Plan should be attained by the end of the 2nd quarter (Dec. 31). This enrollment must be maintained for the remainder of the program year.

## ELIGIBILITY DOCUMENTATION

The target group of students eligible to participate in 8% programs are economically disadvantaged youth, 14-21 years of age, potential or actual school dropouts. Priorities established in the Job Training Plan must be observed by the program coordinator in enrolling these applicants.

### Quarterly Review

The program coordinator is required to determine and document the participant's program eligibility. Verification of the participant's eligibility will be completed each quarter of the program year. These quarterly reviews will be completed within 15 days after the end of the quarter for which verification is determined. A 10% sample will be randomly selected from the enrollees during the quarter in question. A written statement must indicate the method of selection utilized. A master list of verification will be maintained in the administrative file indicating only the participants selected in the sample and the number enrolled during that quarter. A verification form will be completed and maintained for participants selected in the sample. (See examples on following pages).

### Documentation

The sources utilized in the quarterly review will be indicated on the verification form and a copy of the documentation attached to the participant verification form. These will then be maintained in the participant's files.

## PROGRAM ORIENTATION/PARTICIPANT RIGHTS

Program orientation is designed to familiarize participants with the program and services available to them through program participation. Each participant will receive program orientation at the time of enrollment; however, if several students are enrolled at the same time, group sessions may be held. The program coordinator will be held accountable for the participant's orientation to and understanding of the following:

- the program goals/objectives;
- program rules and regulations;
- participant rights/grievance procedures;
- eligibility requirements;
- supportive services available; and
- work related components.

Orientation services will also be extended to school staff/administrators, employers and agencies.

The orientation checklist located in this handbook will be used as a guide for participant orientation to the programs.

### Participant's Rights Form

The Participant's Rights Form has been devised to ensure that the enrollee's rights are protected. The program coordinator is to initiate appropriate measures during the orientation sessions to ensure that program participants are knowledgeable of their civil, employment, and grievance rights. The program coordinator will read and/or explain the Participant's Rights Form and grievance procedures to the participants. The program coordinator will also be available to assist them in writing any complaints and grievances they may encounter during program participation. After these have been explained to the participant, the participant will acknowledge that this information has been read and explained to him/her by writing his/her signature on the Participant's Rights Form. It will also be necessary to write the name of the program coordinator who read and explained the Participant's Rights Form, the date this activity took place, and the name of the EEO Officer or designee in his/her LEA.

Upon completion of this activity, the program coordinator will offer the participant a signed copy of the form and maintain a signed copy in the participant's file. (See sample copies of Participant's Rights Form and Complaint and Grievance Procedures for Staff and Participants).

(See sample checklists for participants enrolled in activities H-17 and H-21).

### Participant Rights

Service Delivery Areas and State Agencies may not discriminate on the basis of race, color, handicap, sex, age, national origin, religious beliefs or political affiliation in the following:

- selection for the program;
- job assignment;
- termination; or

### Participant Employment and Grievance Rights

- (1) Employment Rights: Appropriate standards for health and safety in work and training situations must be maintained. All enrollees in work or training activities must be covered by Workmen's Compensation Insurance, or the equivalent. Enrollees will be paid at a rate not less than the Fair Labor Standards or state or local minimum wage, whichever is highest. Enrollees should have pay procedures as well as time limits and goals of the program explained to them at the time of enrollment.
- (2) Grievance Rights: Each Service Delivery Area and State Agency must establish and maintain grievance procedures for participants which shall identify the appropriate official with whom all complaints are to be filed. Such procedures are to be made available to all participants at the time of enrollment. These procedures are to fully describe and outline how complaints are to be filed.  
All complaints should be filed in writing.

### Participant Appeals

In the event a JTPA participant feels that it is necessary to file a program complaint, he/she should contact his/her SDA or State Agency Equal Employment Opportunity Officer or designee, and

- (1) Make every attempt to resolve the problem or complaint through informal counseling or negotiation;

## ASSESSMENT

The assessment services provided by the program coordinator are the core from which a student's individualized Employability Developmental Plan (EDP) is developed. All activities and individual program designs will be dependent upon thorough assessment services rendered to enrollees by the program coordinator.

Results from these services will assist the program coordinator in developing a knowledgeable, specific plan of direction. Short-range and long-range goals developed in relation to the participant's aptitude, ability, interest, and need should be included. A summation of the assessment information will provide necessary data for the program coordinator to assist the participant in meaningful and/or successful educational/employability experiences.

It is the responsibility of the program coordinator to obtain a thorough assessment and understanding of the student's strengths, weaknesses and experiences. Assessment procedures for program coordinators will include, but are not limited to:

- . A thorough investigation of the data in school records (cumulative folder, current grades, etc.);
- . Conference with school staff members (principals, teachers, counselors, etc.);
- . Conferences with service agencies (DSS, Vocational Rehabilitation, etc.);
- . Conferences with parents;
- . Indepth counseling;
- . Administering tests (academic, employability, etc.);
- . Administering aptitude tests;
- . Administering interest inventories; and
- . Administering pre-employment competency skills tests.

The program coordinator will begin participant assessment with the initial conference. Through observations (speech, behavior, appearance, etc.) he/she will begin an informal assessment.

## SCHOOL RECORD REVIEW

Once the student has been officially enrolled in the program, additional conferences will be held with him/her for further assessment. The program coordinator will then acquire all possible background data on the enrollee. It is imperative that the program coordinator analyze the participant's school cumulative record and other existing files. Information in the cumulative records from past and present grades including test scores (CAT, IQ, N. C. Competency Test, etc.), attendance, physical, mental, and personal data must be considered in the development of the program designed for each participant.

Conferences with the school staff are a valuable resource. They will be helpful in relating past and present information to the student's present academic performance, behavior, personal problems, etc.

The aptitude and interest testing is an essential part of the assessment process. Listed below are examples of interest inventories and aptitude tests that may be used (all are optional).

- Wide Range Interest Opinion Test (WRIOT)
- Career Planning Program
- The American College Testing Program
- Self Directed Search
- Kuder Occupational Interest Survey
- California Occupational Preference System
- Strong/Campbell Interest Inventory
- Ohio Vocational Interest Inventory
- Harrington/O'Shea System for Career Decision Making
- General Aptitude Test Battery (GATB)
- Armed Services Vocational Aptitude Battery (ASVAB)
- Apticom

## EMPLOYABILITY DEVELOPMENTAL PLAN (EDP)

An Employability Developmental Plan (EDP) is a method for working toward the educational and employability goals of an individual based upon his/her assessed abilities, interests, and needs. Because program services provided to the participant are based upon his/her EDP, a plan must be developed for each participant.

### Development

The EDP will include assessment data necessary to determine the participant's educational strengths and weaknesses, employment readiness, specific educational/employment goals, and action steps/activities developed to address established goals. In developing the EDP, it is very important to remember that each participant is unique. Due to this uniqueness, the program coordinator must make every effort to acquaint himself/herself with each participant's interests, achievements, aptitudes, and personal needs. The program coordinator must not develop a set of pre-planned goals and action steps. All parts of the participant's EDP must be developed to address his/her particular needs, interests and abilities.

### Personal Data

Personal data must include the participant's complete legal name and social security number. The program coordinator will assist the participants who do not have a social security number in applying for one.

The enrollment date will be the same date that appears in item four (4) on the participant's PD-2 enrollment form. The developmental date is the date the program coordinator actually begins to develop the EDP. The date of development must be within fifteen (15) working days of the participant's enrollment (see example below).

## EMPLOYABILITY DEVELOPMENTAL PLAN (EDP)

Participant's Name Mary Jane Doe Social Security #: 234-56-7899  
Enrollment Date 10-11-87 Developmental Date 10-29-87

---

EDP DEVELOPMENT MUST BEGIN WITHIN FIFTEEN (15) WORKING DAYS OF ENROLLMENT

---

### Educational History

The participant's overall educational strengths and weaknesses throughout his/her attendance in school should be summarized in the educational history. Educational data such as that found in the cumulative folder and current school record must be analyzed. The sections of the cumulative folder that will be most helpful in making this analysis are course grades, attendance, standardized test results, and extracurricular activities.

It is not necessary to make a copy of this data since a summary of the analysis will be written on the EDP in the educational history section and test results, as well as extracurricular activities, will be recorded (see example below).

A. Educational History: (strengths and needs) Jane has earned below average grades throughout her school history. Presently enrolled in classes for LD Students and the resource class for students who failed the competency test. Has good attendance. Appears to need individualized instruction.

### Testing/Inventories

Achievement, aptitude and interest inventory test results will be recorded in this section. The most current test results should be used since some participants will have taken a test several times. Examples of these tests are: 1) achievement tests - California Achievement Test (CAT), N. C. Competency Test, and N. C. Writing Test; 2) aptitude tests - Differential Aptitude Test (DAT), Armed Services Vocational Aptitude Battery (ASVAB), and Talent Assessment Program (TAP); 3) interest inventories - Self-Directed Search, Career Assessment Survey Exploration (CASE), and Job-0.

The program coordinator will record results of the test he/she administers as well as those gathered from school records.

B. Testing/Inventories:

TYPE	DATE	RESULTS
N.C. Competency	10/87	Reading-passed, Math-failed
CAT	Spr.'88	Below 50th percentile in all areas
CASE	10/23/88	Social Occupations
TAP	10/31/88	Dexterity with fine tools

## Extracurricular Activities

School clubs, team sports, societies, etc., will be included in this section. The program coordinator should not include the participant's hobbies and interests such as reading, hunting or sewing. The grade in which the participant was active in an activity should be recorded in parenthesis.

C. Extracurricular Activities \_\_\_\_\_ VICA (12) \_\_\_\_\_

## Employment History

The participant's work experience will be included in this section. Work experience may consist of full-time, temporary, seasonal or occasional employment. The program coordinator will write "none" for those participants who have never worked.

D. Employment History:

1. Experience: Babysitting, SYEP ('88)

The program coordinator will identify any barriers which could interfere with a participant obtaining and/or maintaining employment. These barriers will most likely be identified during review of participant's assessment data or his/her application to the program; however, many participants will be referred to the program primarily due to a particular employment barrier. Each participant must have employment barriers identified. "Other" will be checked and explained if none of the listed barriers apply to a participant. The program coordinator will provide a specific explanation for each barrier identified.

2. Barriers to Employment

Specific Problems:

- Lacks vocational skills
- X Transportation
- Legal problems
- Health
- Housing
- Child Care
- Marital problems
- Handicap
- X Other

- no driver's license

### Goals/Action Steps

The program coordinator will assist the participant in establishing specific educational and employment goals based upon his/her interests, abilities, and personal needs. The assessment data in section I of the EDP will enable the program coordinator to help the participant establish realistic goals that will enhance his/her educational development and employability.

These goals must be clearly stated and specific in what is to be achieved. Both short and long-range goals should be established. (See examples below)

Short-range educational goal To pass basic math

Long-range educational goal - to graduate from high school

Once the goals are established, the program coordinator and the participant will develop action steps to address each goal. Action steps are planned activities designed to work toward attaining each stated goal. The action steps may consist of instructional activities, referrals, counseling, parent conferences, progress monitoring, etc., that are planned in advance to actually beginning the activities. The program coordinator will have to project an anticipated date as to when each activity will begin. It will also be necessary to project an ending date for each activity. (See example on the following page.)

### Statement of Understanding

The program coordinator will make every effort to ensure that the participant understands that his/her participation in the program and service provided will be based primarily upon sections I and II of his/her EDP. The EDP will then be signed by both the program coordinator and the participant. A copy of the signed EDP must be given to the participant and a copy placed in his/her file.

The participant should also be made to understand that the EDP is an ongoing process and will, therefore, require periodic reviewing and updating to monitor progress toward goals.

GOALS/ACTION STEPS	Proj. Beg. Date	Action Step(s)	End Date
A. Educational Goal(s)			
-To pass the math section -NC Competency Test -To pass basic math	10/23/88	Monitor progress in competency skills class math tutoring if necessary (Same as above)	11/1/88

## IMPLEMENTATION

The manner in which the program coordinator implements the participant's EDPs will depend upon individual needs, interests, and abilities of the participants; however, they will require assistance in realizing their goals. Efforts must be made to acquire instructional materials and information needed to assist the participants in these areas.

### Vocational/Career Exploration

Each center will need sufficient materials to provide the participants with adequate vocational/career exploration opportunities. The program coordinator will provide vocational/career exploration in the areas in which each participant shows an interest and/or aptitude.

Guest speakers such as personnel directors, military recruiters, Employment Security Commission staff, etc., should be invited to speak with interested participants whenever possible. In addition, brochures from technical schools, community colleges and the military filmstrips, and other material should be readily available for use in the centers.

The program coordinator should make himself/herself aware of the various job opportunities available in the immediate area for high school graduates. In addition to being aware of these opportunities, the coordinator should be able to provide participants with information on the type of skills, entry level wages, and high school courses that are compatible with local business and industry needs.

Vocational/career exploration activities will be the most meaningful and appropriate when they complement the results of interest inventories and aptitude tests.

### Pre-Employment Skills

Pre-employment skills training is an integral part of program services. It will be provided when not provided or available in the regular school curriculum.

It may not be necessary to instruct all participants in all of the pre-employment skills. A pre-test will be administered to each participant to diagnose individual needs. The program coordinator will determine whether individual or small group instruction will be the most appropriate means of instruction.

### Remediation

The program coordinator is responsible for assuring that a participant receives assistance in any academic area in which he/she may need remediation; however, special emphasis will be placed on assisting him/her in acquiring skills needed to pass the N. C. Competency Test. This assistance may take the form of referring the participant to in-school remediation programs or tutoring him/her.

## Guidance/Counseling

Guidance and counseling services will be an integral part of the program provided to the students. The counseling services will consist of personal, educational, career, employment, appraisal, and referral counseling. The type of counseling provided will depend upon the needs of the individual as outlined in his/her EDP and any other needs which may arise during participation in the program.

(Additional information on counseling is located in the counseling log section of this handbook).

## In-School and Community Agency Referrals

Health care, medical services, child care, legal assistance, transportation, emergency aid, residential support, and financial counseling are all supportive services which participants from time to time may need help in acquiring. Since these services are generally provided to some degree by different community agencies within the coordinator's area, they will be provided on a referral basis. Any program participant who needs any of these services will be referred to the appropriate agency by the program coordinator. The program coordinator shall maintain cooperative agreements with these agencies in order to coordinate supportive service activities. These agencies include, but are not limited to, the following:

- (1) Department of Social Services;
- (2) Health Departments;
- (3) Employment Security Commission;
- (4) Department of Vocational Rehabilitation;
- (5) Department of Mental Health;
- (6) Housing Authority;
- (7) Day Care Centers;
- (8) Legal Aid Organizations; and
- (9) Community Hospitals

The supportive services will be rendered to the participants as the need arises. The length of time these services will be provided will vary from case to case. JTPA funds will not be used to purchase these services. Follow-up will be done by the program coordinator to ensure that the referred participants receive the services for which they are referred.

It may not be necessary to form interagency agreements within the school where a center is located, but the program coordinator must make himself/herself aware of all in-school services and programs for referral purposes.

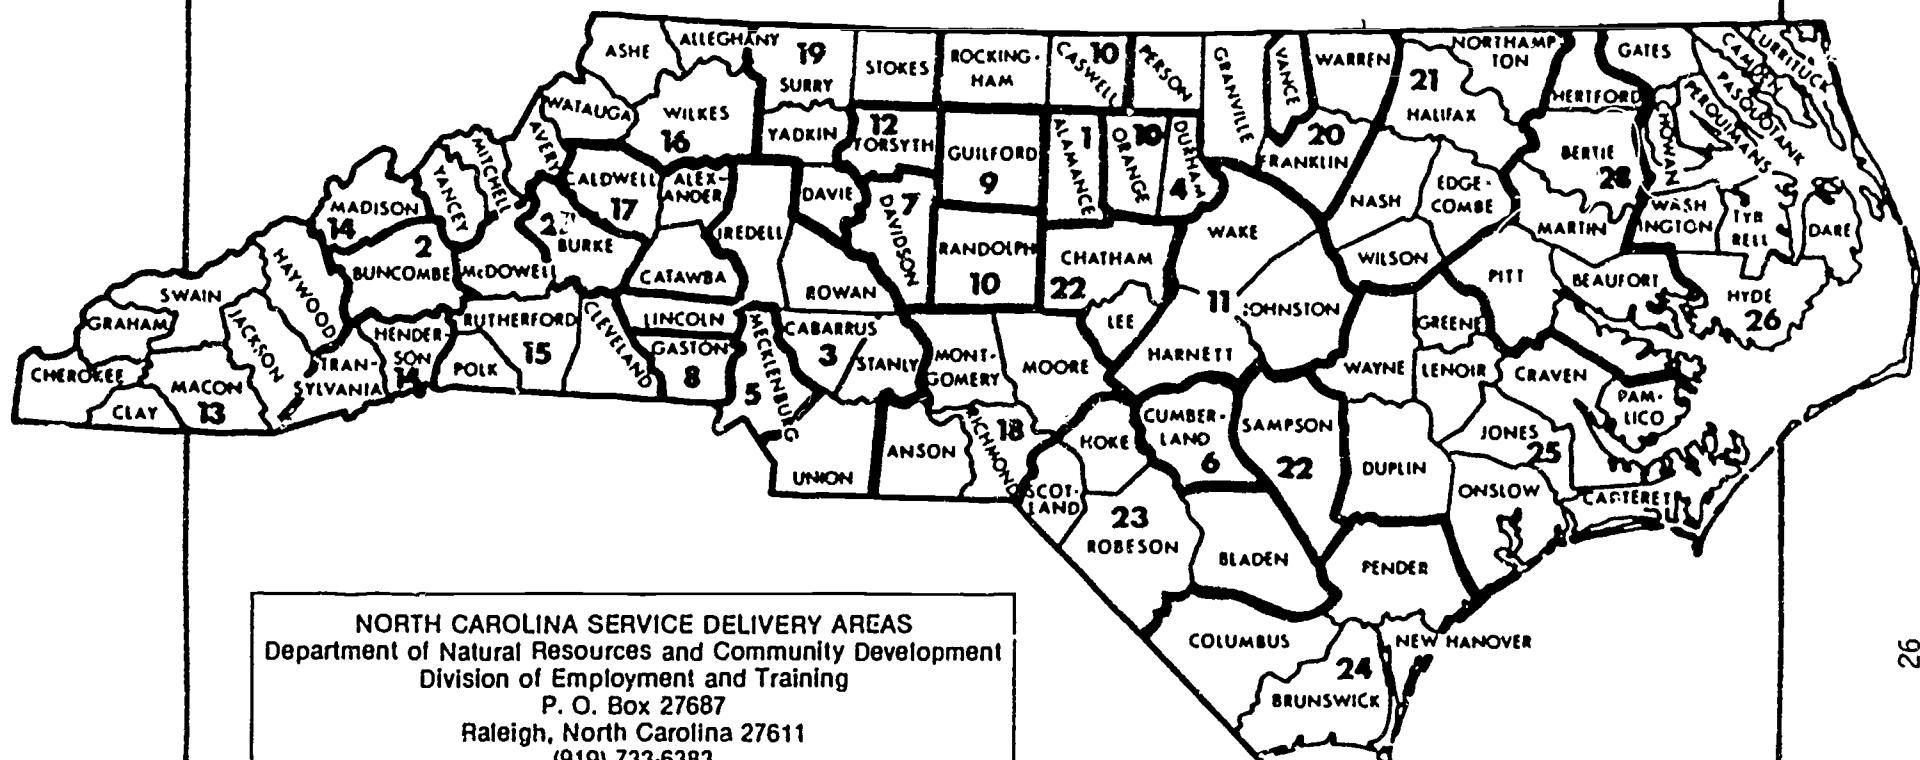

The interagency agreements must state clearly the reason(s) services will be needed, the type services, signature of the agency director/manager, and the signature of an appropriate school official. It is the responsibility of each program coordinator to design an interagency cooperative agreement (see samples).

LEA/SDA cooperative agreement is a required interagency cooperative agreement. (see appendix - sample forms). This agreement is to be negotiated at the local level and the content modified if necessary.

### Service Delivery Area (SDA) Coordination

Coordination and planning with the respective Service Delivery Area is crucial to a successful program. The requirement of Private Industry Council (PIC) concurrence of 8% programs has initiated the process; however, more extensive coordination is recommended. Involvement in PIC youth activities and acknowledgement of the contents of the LEA/SDA Cooperative Agreement are recommended.

## INTERAGENCY COOPERATIVE AGREEMENT

The federal government has established the Job Training Partnership Act (JTPA) to assist disadvantaged individuals in becoming successful, productive members of the nation's labor force. To participate in the realization of that goal, the JTPA program has been established at Winchester High School to serve economically disadvantaged youth.

The primary aim of this program is to prepare eligible youth for a successful transition from school to work. To assist in making the program a success, your agency may be asked to provide information, referrals and/or special services to these students. Please indicate your agency's willingness to cooperate with the program coordinator by signing in the appropriate space below.

### Job Search Assistance, Referral, and Placement

Job search assistance will be provided to those individuals who have established part-time employment as one of their employment goals. In addition to making sure participants possess the pre-employment skills necessary to successfully seek, obtain and maintain employment, the program coordinator will also provide the following services:

- maintain a job bank, (current listings of available, potential employment);
- solicit job openings in the community and refer qualified participants;
- use public announcements to contact and inform employers of the program;
- refer any updated participants to the Employment Security Commission;
- refer unplaced, eligible participants to JTPA Entry Work Experience Activities (see handbook section on JTPA Work Experience Activities); and
- inform employers of Targeted Job Tax Credit (TJTC) as an incentive for hiring participants (contact Employment Security Commission for additional information).

### Job Contact Documentation

Documentation of all contacts made with employers in the area of job search assistance must be maintained. Documentation of contacts will consist of the name of the employer, location, date, type of contact, and the results of the contact.

The program coordinator is responsible for devising a form or method for documenting contacts. (See example below).

---

#### JOB CONTACT DOCUMENTATION

Employer	Date	Type of Contact	Results
1. K-Mart/Jon Mills, Mgr. students	10/4/88	Visit	Send 3 to apply
2. Hardee's/Mary Clark, Mgr. vacancies	10/18/88	Phoned	No

## Periodic Progress Report

The EDP is an ongoing process and as a result will require periodic review. Every ninety (90) days after program enrollment, the program coordinator and each participant will refer to the Goals/Action Steps section of the EDP to determine which goals have been successfully met and how the participant is progressing. As the participant matures and improves, his/her personal goals and abilities change, meaning goals and services identified previously will no longer be valid and will require updating. Periodic progress review and update of the EDP will provide a greater opportunity for a participant to realize his/her optimum potential in the transition from school to work.

### COUNSELING LOG

Counseling services provided by the program coordinator will be directly related to the participant's individual needs and problems. The counseling activities may be classified as personal, educational, career, employment appraisal, and referral.

Documentation of each participant's counseling sessions is extremely important. It must correlate with the participant's EDP which will give concrete purpose to the counseling. The program coordinator must document all contacts made with the participant and services to the participant should average approximately 30 minutes per week.

There is no limitation on how much or exactly what the program coordinator can record on the log; however, he/she must remember that services provided should reflect the EDP. Brief documentation of conversations, activities, referrals, etc. is acceptable as long as enough information has been given to adequately explain the session. The program coordinator must practice discretion in documenting sessions of a sensitive, personal nature. (See sample copy of the counseling log). The program coordinator must initial the record of each counseling session.

## PARTICIPANT TRACKING

The program coordinator is required to keep records to certify Pre-employment Skills Training (H-18) for each individual. This does not include the work time of participants employed in unsubsidized jobs or in JTPA work experience projects.

This tracking log will be a part of the Administrative File and must be maintained on a weekly basis. The names of all program participants, their weekly hours of program participation, and their training hours of allowed program participation will be included on the log. It will also be necessary to write the date of every Friday during the program year in the section for "Week Ending". (See sample form of Skills Training log).

## COLLABORATIVE COMMITTEE

Each program will have an active Collaborative Committee to:

- serve as liaison between business/industry/community and school;
- provide suggestions for preparing participants for the work world;
- provide up-to-date information on area job trends;
- provide leads for job placement; and
- provide program support.

### Purpose

The Collaborative Committee serves as an advisory committee to give assistance to the program coordinator in carrying out the program's objectives. It serves as a source of information and provides communication, cooperation and collaboration.

### Organization

The program coordinator will form a Collaborative Committee within 90 days of beginning the program year. Suggested members for the collaborative committee are in the PY 1988-89 Job Training Plan. Allowing existing school committees to serve as the program's collaborative committee is not advised. These committees have a tendency to become sidetracked. In the event the Collaborative Committee must be established through an existing committee, then it is the responsibility of the program coordinator to ensure that the program's goals and objectives are addressed and complemented by that committee.

### Meetings

The committee will meet several times during the program year. The program coordinator will provide the leadership to the committee and will instill in the committee members an enthusiasm for the JTPA program. Collaborative Committee members usually perform according to the expectations of the program coordinator.

Documentation of meetings will be maintained in the administrative files. This documentation must include the date, attendance, and minutes/reports of each meeting.

## JTPA WORK EXPERIENCE ACTIVITIES

This handbook contains the information needed for implementation of the JTPA Work Experience Activities. A description for each work experience activity is also located in the program application.

### Cooperative Work Agreement

The program coordinator will develop a cooperative agreement between the school and employers operating JTPA Tryout Work Experience as well as unsubsidized work experience activities when applicable. Sample forms have been provided in this handbook; however, the program coordinator may design his/her own. This activity will not be necessary if a program coordinator also operates a work experience activity.

### Responsibilities of Participating Parties

The Responsibilities of Participating Parties - JTPA Work Experience Activity Form must be explained to all the persons signing it by the program coordinator. A copy will be maintained in the participant's file (See sample copy).

### Department of Public Instruction-JTPA Work Experience Activity Training Agreement and Plan

This form must be completed by the program coordinator and placed in the participant's file. (See sample copy).

### Student/Employee Work Evaluation

The Student/Employee Work Evaluation Form must describe the participant's performance on the job. The program coordinator, in conjunction with the employer, must also conduct a formal evaluation when the work experience ends (See the sample copy).

### Tracking Forms

Documentation for the amount of time a participant spends in a work experience program (on the job) must be documented on specific forms and maintained in the administrative file. It is the responsibility of the program coordinator to document weekly the 250-hour log for each participant. (Sample copies of the tracking forms required for the work experience activities are included in this handbook).

## YOUTH EMPLOYMENT CERTIFICATES (WORK PERMITS)

The 1979 North Carolina Wage and Hour Act requires all youth under age 18 to secure Youth Employment Certificates prior to beginning employment. The Department of Labor will issue a work permit to a youth at age 14; however, if a youth has severe problems (hardships), a work permit will be issued at age 13.

All of the information on the certificate, except the youth's signature, must be filled in prior to the Department of Social Services representative signing the form in the space provided. All forms must be signed by the youth in front of an authorized certificate issuer from DSS. This procedure may be performed at the DSS office or the LEA program coordinator and DSS may agree for a representative from DSS to go to the program site or some other location (a representative will not go to another location unless 20-30 youth require this service). Each youth must take a copy of his/her birth certificate to DSS before a permit will be issued. If a participant under age 18 changes jobs or worksites during the course of the program, then he/she must have a new permit reflecting the change.

Copies of the work permit will be filed with the Department of Labor (white); DSS (yellow) and Employer (blue). The program coordinator will maintain a photocopy of the work permit in each participant's file.

It is the responsibility of the program coordinator to assist the youth in completing work permits. The program coordinator may request a supply of Youth Employment Certificates from:

## CHILD LABOR REQUIREMENTS

The program coordinator must become familiar with the basic stipulations of the child labor law. The North Carolina Department of Labor will enforce the Wage and Hour Act and programs must adhere to these requirements. It is imperative that Local School Administrative Units, Department of Social Services, and the North Carolina Department of Labor cooperate to comply with the Wage and Hour Act. The Act imposes certain civil monetary penalties for violation of the youth employment provisions. It is conceivable that JTPA contractors or employers who do not follow these procedures may be considered for civil monetary penalties.

(Child Labor Bulletin No. 102 deals with employment of minors in agriculture.)

This booklet is a guide to the provisions of the Fair Labor Standards Act (also known as the Wage-Hour law) which apply to minors employed in *nonagricultural* occupations. In addition to child labor provisions, the Act also contains provisions on minimum wage, overtime and recordkeeping.

## **Other Child Labor Laws**

Other Federal and State laws may have higher standards. When these apply, the more stringent standard must be observed. All states have child labor laws and compulsory school attendance laws.

elevator provided that the exposed portion of the car interior (exclusive of vents and other necessary small openings), the car door, and the hoistway doors are constructed of solid surfaces without any opening through which a part of the body may extend, all hoistway openings at floor level have doors which are interlocked with the car door so as to prevent the car from starting until all such doors are closed and locked; the elevator (other than hydraulic elevator) is equipped with a device which will stop and hold the car in case of overspeed or if the cable slackens or breaks and the elevator is equipped with upper and lower travel limit devices which will normally bring the car to rest at either terminal and a final limit switch which will prevent the movement in either direction and will open in case of excessive over travel by the car.

#### Definitions as used in this exception:

1. For the purpose of this exception the term "automatic elevator" shall mean a passenger elevator, a freight elevator, or a combination passenger-freight elevator, the operation of which is controlled by pushbuttons in such a manner that the starting, going to the landing selected, leveling and holding, and the opening and closing of the car and hoistway doors are entirely automatic.
2. For the purpose of this exception, the term "automatic signal operation elevator" shall mean an elevator which is started in response to the operation of a switch (such as a lever or pushbutton) in the car which when operated by the operator activates a starting device that automatically closes the car and hoistway doors—from this point on, the movement of the car to the landing selected, leveling and holding when it gets there, and the opening of the car and hoistway doors are entirely automatic.

When such an exception is filed with the Administrator of the Wage and Hour Division, the matter is referred to the Chief Administrative

## **Age Certificates**

## FISCAL INFORMATION

### Budgets - General

#### Preparation and Approval Process

Budgets for programs operating in the Local Education Agencies (LEA) funded through the JTPA grant to the State Board of Education are to be submitted with the project applications using the standard Federal Programs Budget Forms (FPD-208 - Approved Budget Form, and FPD-210 series - Supplementary Schedule). When projects have been approved by the Division of Support Programs, copies of the project and budget applications will be forwarded to the Division of Federal Programs for fiscal review and approval.

Once budget content has been approved by the Division of Federal Programs, they will send the official Budget Approval Letter (form FPD-207) to the LEA. This letter contains special terms and conditions which must be adhered to by the Unit for project expenditures to be approvable.

A separate mailing from the Division of Budget Development and Management will contain each Unit's official allocation of funds. Expenditures may not be made from the Unit's Federal Funds Disbursing Account until both the allotment and Budget Approval Letter have been received.

All fiscal information is sent to the Unit Superintendent, with copies to the Finance Officer and DPI program staff.

### Amendments

Amendments transferring funds between line items are permissible with proper approval from the Division of Support Programs and the Division of Federal Programs. Effective with projects for Fiscal Year 1988-89 the Division of Federal Programs will accept budget amendments which contain only the affected line items. However, if you wish you may continue to include the entire budget. This added flexibility in completing project amendments will expedite the process. Please remember that all amendments must total zero in the "Increase/Decrease" column on form FPD-209.

Request for amendments must be submitted to the JTPA Coordinator, Division of Support Programs for approval. It is requested that amendments be sent as infrequently as possible (only when necessary) and sufficiently in advance of the proposed effective date to provide adequate time for processing. A written narrative justification for the transfers must be submitted along with the Budget Revision Form FPD-209.

### Close-Out

"Closing Out" of projects is a process performed at the State level which involves reporting final expenditures and, if necessary, requesting additional funds if expenditures exceed the amount of funds drawn against the grant. Local Education Agency involvement in the close-out process consists of accurately reporting all final expenditures for the project in a timely manner. Expenditures will not be approvable in a project unless they have been obligated before June 30 (as evidenced by a properly prepared and approved purchase order) and expended before July 31 of each year. Expenditures reported as expended in a project after the July report will be disallowed and the unit will be required to refund the amount of the expenditure.

### Budgets - Composition

The primary makeup of budgets for JTPA programs is comprised of several basic line items. The following list is a description of each major line item approvable for JTPA budgets. It is not necessary for each of these line items to be contained in each program's budget. Additional approvable line items are included in the Program Report Code Chart of Accounts, which should be available in the office of each Local Education Agency Finance Officer. Consult with the Finance Officer to determine the allowability of all account codes prior to requesting their establishment in a budget or amendment.

#### Indirect Cost

Indirect cost may be budgeted at the approved restricted indirect cost rate for each Unit. Funds budgeted for equipment and the amount of Unbudgeted Federal Grant Funds must be taken out of the total used to determine indirect cost before calculating the amount to be budgeted for indirect costs.

#### Staff Costs

Several line item account codes are approved for use in budgeting staff costs. The proper code to be used is determined for certified personnel by the person's certification and the area of their employment. State law requires that all certified personnel must be employed "In Field" (in the area for which they are certified) to be assigned a salary. Salaries budgeted must be at a rate consistent with the North Carolina Public Schools certified salary schedule, and they should be in an amount sufficient to cover the entire project operating period. Benefits for staff personnel (FICA, Retirement, Hospitalization, Worker's Compensation, and any additional benefits paid to local personnel as a result of documented local board of education policy) should also be budgeted.

#### Participant Insurance

DET regulations require that all non-working participants enrolled in JTPA programs be covered by accidental liability insurance. Assuring this coverage is the responsibility of the Local Education Agency. The use of JTPA funds is authorized for budgeting for these costs.

### Staff Travel/Subsistence

Funds for travel expenses may be budgeted. The amount budgeted for mileage must be at the approved state rate unless a documented local board of education policy exists which allows for a greater rate. Funds in excess of \$0.20 (1 mile) must be budgeted in the appropriate line for "excess travel" to be consistent with federal IRS rulings. Expenditures for "excess travel" must be reported to IRS as part of employee earnings for tax purposes. Subsistence is intended for state sponsored JTPA meetings and meetings having prior written approval of the Division of Support Programs only.

### Communications

Budgeting for telephone and postage costs is allowable. A separate line item, as noted in the Program Report Code Chart of Accounts, should be used for each.

### Participant Compensation in Lieu of Wages

Provisions may be made for funds to compensate program participants for work performed while enrolled in JTPA programs. The compensation in lieu of wages is to be budgeted at the current federal minimum wage and is not to exceed 20 hours per week per participant.

### Supplies and Materials

Funds for JTPA related consumable supplies and materials may be budgeted. Supplies and materials are to be used within the operation period of the project in which they are budgeted. Supplies and materials may not be purchased in one project for use in a project anticipated for funding in the following state fiscal year(s).

### Non-Expendable Property

Funds may be budgeted for non-expendable property if the property is properly approved for purchase and use in the project. Property having a unit cost of one thousand dollars (\$1,000) or more and a useful life of more than one year must have prior State level approval in writing before acquisition. Submit written request to JTPA Coordinator, Division of Support Programs, Department of Public Instruction. Request should include description of the property, quantity, unit cost, and total cost.

These requests will then be submitted by the Division of Support Programs to DET's property officer for review and response. Local Education Agencies cannot purchase non-expendable property within 60 days of the ending date of its JTPA budget.

## REPORTING REQUIREMENTS

### Requests for Funds

Funds for JTPA programs are requested monthly by the Local Education Agency Finance Officer during the monthly reporting process.

### Reporting Expenditures

Expenditures for JTPA programs are to be reported to the Controller's Office, North Carolina State Board of Education, not later than the fifth working day of each month by the LEA's Finance Officer.

## INCOME TAX WITHHOLDING INFORMATION

### Federal

Participants in work situations are exempt from all federal income tax withholding provided certain requirements are met. Under Federal Income Tax Laws, income earned under \$3,300 per calendar year is not subject to withholding, provided the student claims a personal exemption. Each LEA should be sure that a W-4 Form is completed for each student falling in this category. However, income earned in excess of \$3,300 per calendar year would be subject to withholding, and a completed W-4 Form showing withholding would also be required.

### State

Participants in work situations are exempt from all state income tax withholding provided certain requirements are met. Under the provisions of North Carolina Revenue Laws, every individual is entitled to a basic personal exemption of either \$1,100 or \$2,200, depending on his/her status. If a student is entitled to the \$1,100 minimum personal exemption, no withholding of North Carolina income tax is required on calendar year earnings which do not exceed \$1,100. For students whose calendar year earnings are below their personal exemptions, a completed Form NC-4A should be filed. For students whose calendar year earnings exceed their personal exemption, a completed Form NC-4 must be filed and withholding required.

However, if a student did not have an income tax liability to North Carolina for the preceding year and does not expect to incur a liability for the current year, he or she may file a NC-4A with his/her employer so that no tax will be withheld from his/her wages.

### Social Security Information

The U. S. Department of Health and Human Services, Social Security Administration, has issued the following ruling on whether or not the payments to participants would be covered for Social Security:

1. The entire program is for education and training, not just work experience.
2. Participants in the program are supervised, controlled, and evaluated by the LEA. The work site employer does not determine if the students will participate in the program, but only provides supervision of the on-the-job training.
3. The participants would be considered students since they are in an educational program which is controlled by the Local Education Agency.
4. The LEA controls and determines the compensation and/or wages paid to the students in the program.

Based on the above facts and manner in which the program is operated in North Carolina, the compensation paid would not be considered wages covered for Social Security because the student exclusion would apply.

### Student Insurance Information

The Division of Employment and Training issued policies which require that all non-working participants enrolled in JTPA programs, and the time working participants spend in the program when they are not in work situations be covered by accidental liability insurance. Funds are provided in the amount of \$7.00 per participant for this coverage. Assuring coverage is the responsibility of the LEA. In reporting insurance expenditures to the Division of Federal Programs, a copy of the insuring document on all participants must be submitted.

### Worker's Compensation Information

All participants involved in work situations must be covered by worker's compensation insurance. Each Local Education Agency must arrange for worker's compensation coverage through their local carrier of this insurance. Any participant claims for injuries sustained while in work situations in the programs are to be handled at the local level in the same manner as for locally paid employees. The use of properly budgeted project funds is allowable for this purpose.

The application date must be within six (6) days after the last full calendar week (Sunday through Saturday) used to determine family income. If more than forty-five (45) days elapse between this date and the date of the first enrollment into JTPA, a new application must be completed or the original application form must be updated, to include new signatures of the applicant, parent (if applicable), and intake officer, pertinent dates, and eligibility determination.

2. **APPLICANT'S NAME**

**LAST NAME** - Record the applicant's last name. Names containing suffixes such as Jr., Sr., or III, should be included in the LAST NAME field without punctuation (e.g. JOHNSON SR not JOHNSON, SR.) Characters must be letters, spaces, dashes and/or apostrophes (e.g. O'HARA).

JTPA staff should assist the applicant in applying for a SSN. The applicant should advise the project operator as soon as a valid SSN is received from the Social Security Administration.

A valid Social Security Number will be required for persons who will be enrolling in the following activities: any project assigned an activity sub-type coding "03" and any project assigned an activity type coding "D" or "B" or "C"; projects assigned the activity type/sub-type coding "H-20" or "H-21".

To change an incorrect Social Security Number or report a newly assigned number complete a DET PD-1 change notice. Write the correct or new number in the spaces provided in item 3 and the incorrect number above the spaces provided. Circle the correct or new number. An authorized data entry operator must have both numbers to change a Social Security Number. Record the applicant's name in item #2 and the date of birth in item #9 to facilitate matching the new Social Security Number with the original number.

5. RESIDENCE (Location) - Record the actual location of the applicant's principal dwelling. The information must be descriptive enough to allow someone to physically locate the residence.

RESIDENCE/CITY/STATE - Record the street name and number, apartment name and number or other information to clearly indicate where the applicant lives. Record the city without the use of punctuation. If the residence address and mailing address are exactly the same, "SAME AS ITEM 4" may be entered for this item. If the mailing address in item 4 is not a North Carolina address, the residence location must be completed. Post office box numbers are not acceptable responses for this item. Provide the state or county road number, a community name, nearby crossroads, or other pertinent information.

An applicant's inability to provide residence information may indicate a homeless condition. Should this situation occur, particular attention must be given to the correct completion of item 37.7 (Homeless) indicating a barrier to employment. If the applicant is homeless, write "HOMELESS" in the first line under RESIDENCE and fill in the city and state. If the homeless applicant resides in a shelter, the address of the shelter may be used in this item.

6. COUNTY OF RESIDENCE - Enter the name of the county in which the applicant lives. Refer to the back of the PD-1 (Application) form, bottom of the page, and find the county where the applicant lives. Note the three-digit code which identifies that county and enter it in the spaces provided on the front of the form for "County Code." County of residence must be within the Service Delivery Area providing the services, except as approved in the Job Training Plan.

(Applicants who are 14 or 15 years old are only eligible to receive services under the Pre-employment Skills Training Activity, type/sub-type "H-18" when funded under Title II-A. Applicants 14 and 15 years old may be eligible for programs conducted under Title II-B (SYETP) as authorized in the Job Training Plan.)

APPLICANTS LESS THAN 14 YEARS OF AGE ARE NOT ELIGIBLE FOR JTPA SERVICES.

11. SEX - If the applicant's sex is male, check "M" (male); if the applicant's sex is female, check "F" (female).
12. CITIZENSHIP STATUS - Record whether the applicant is a citizen or an eligible noncitizen whose status permits employment in the United States. Requirements for eligible noncitizens are as follows: nationals of the United States, lawfully admitted permanent resident aliens, lawfully admitted refugees and parolees, and other individuals authorized by the Attorney General to work in the United States. Immigration and Naturalization Service (INS) documents which identify the eligible noncitizen individuals are: Certificate of Naturalization (INS forms N-550 or N-570), unexpired foreign passport with attached Employment Authorization, an Alien Registration Card with photograph (INS forms I-151 or I-551), Arrival-Departure Record (INS form I-94), Temporary Resident Card (INS form I-688), or an unexpired INS Employment Authorization form (INS form I-688-A).

PD-1 INSTRUCTIONS, CONTINUED

13. SELECTIVE SERVICE REGISTRATION - This item indicates whether or not the applicant is subject to the registration provision (Section 3) of the Military Selective Service Act. It is a factor in determining the eligibility of male applicants

For male individuals who reach 18 while enrolled in JTPA, it is the project operator's responsibility to verify compliance with the registration requirement. Individuals may register as much as 120 days before their 18th birthday, but must register within 30 days after their 18th birthday.

(1) Male born after 12/31/59, age 18 through 25 - Check "Y" (Yes) if the applicant meets all three of the following:

- a. Male, AND
- b. Born after December 31, 1959, AND
- c. Age 18 to 25

Check "N" (No) if the applicant does not meet all three criteria.

(2) Has Registered - Check "Y" (Yes) if the applicant has registered with the Selective Service System. If the answer to 13(1) is "Y", then the applicant is subject to the registration provision unless exempted. For males born before January, 1960, the provision does not apply.

The following individuals are exempt from Selective Service registration. For these applicants, check "E" (Exempt) for 13(2).

- a. Legal, nonimmigrant aliens. (These individuals will have a white card entitled "I-94 Arrival/Departure Record" clipped inside the visa. The card gives the arrival date into the U. S. A. and a departure date by which they must exit the U. S. A. Students will have an I-94 which will be stamped "D/S".)
- b. Males over the age of 25, BORN BEFORE 01/01/60
- c. Cadets and midshipmen at the service academies
- d. Men hospitalized, confined in a correctional institution, or institutionalized (must register within 30 days of release)
- e. Men on active duty in the Armed Forces
- f. Military Officer Procurement Program students at the Citadel, North Georgia College, Norwich University, and the Virginia Military Institute
- g. Females

For females, record 13(1) as "N" (No) and 13(2) as "E" (Exempt).

If a male applicant reached the age of 26 on or after January 1, 1986, the applicant has been subject to the registration provision. There exists the possibility that an applicant may answer "N" (No) to 13(1) and "N" (No) to 13(2) and still be in violation of Section 3 of the Military Selective Service Act. In other words, the applicant may be over 25 at the time of application and may not have registered when he was supposed to have done so before reaching the age of 26. A male with a birth date of January 1, 1960, or after, who is over 25 must be asked if he registered, and he is subject to the same verification process as males currently between 18 and 25.

VERIFICATION - Verification of registration for applicants who are or have been subject to the registration provision is required. Individuals must present proof of registration, normally the letter from Selective Service acknowledging registration, or the following verification procedure can be used for individuals who indicate that they have registered but cannot provide proof. Telephone (toll-free) the Registration Information Office in North Suburban, Illinois at 1-800-621-5388 for verification, record the registration number provided, and retain in the participant's file. The Registration Information Office will accept up to five verification requests by phone. If more than five are needed, write the Office at the following address, giving the applicant's full name, Social Security number, date of birth, address and approximate date of registration.

Selective Service System  
Registration Information Office  
Post Office Box 4638  
North Suburban, Illinois 60198

Applicants 18 to 25 years of age who have not registered must not be declared ineligible for JTPA if they are willing to register; the project operator should assist such individuals in registering and instruct them to present the acknowledgement letter to the intake officer upon receipt for verification purposes. If a project staff person witnesses an individual's registration, that individual, if otherwise eligible, may be enrolled in JTPA prior to the receipt of the acknowledgement letter. Registration must be officially verified, however, within sixty days of the application date on the PD-1 Application. Such verification must be in the form of an acknowledgement letter or must be obtained by writing or calling their Registration Information Office as previously described.

Any male over 25 who did not register while he was subject to the registration provision is not eligible for JTPA unless:

- (1) he was exempt from registration, OR
- (2) He has a visible or obvious handicap that would permanently disqualify him from military service, OR
- (3) he has an honorable discharge from the U. S. Military Services

Unless the individual meets one of the three criteria, information must be submitted to the Selective Service Office for their determination of whether the individual knowingly and willfully failed to register. The procedure for requesting such a determination was transmitted to Service Delivery Areas in SDA Issuance #87-6, dated May 11, 1987.

14. SINGLE HEAD OF HOUSEHOLD - Check "Y" (Yes) if the applicant is a single, abandoned, separated, divorced or widowed individual who has responsibility for one or more dependent children under the age of 18. Otherwise, check "N" (No). A dependent child is any individual under the age of 18 for whom the head of household (majority earner) provided more than 50% of that individual's support during the eligibility determination period.

NUMBER OF DEPENDENTS UNDER 18 YEARS OF AGE - If the response above is "Y" (Yes), record the applicant's number of dependents under 18 years of age.

If the response is "N" (No), record "00" (zero, zero).

15. NUMBER IN FAMILY - BEFORE COMPLETING THIS ITEM, READ ALL INFORMATION PROVIDED IN THIS SECTION AND COMPLETE ITEMS 22 THROUGH 27 AND ITEM 37.5, then record the number of persons in the applicant's family, including the applicant. Family is defined as any of the following.

- (1) The majority earner and spouse, plus all dependents. A dependent is any person for whom the majority earner provided more than 50% of that individual's support during the eligibility determination period.
- (2) In the case of a public assistance recipient (AFDC, SSI, General Assistance, Refugee Assistance, and Foster Child Assistance) or food stamp recipient, the total number of persons who are members of the assistance unit or food stamp household, according to the agency providing the payments.

If the applicant is listed as a member of a public assistance unit or food stamp household, the number in the applicant's family will be the number of persons included in the assistance unit or food stamp household. This number may or may not be the same as the number of persons living in the house. If the applicant is not included in the assistance unit or food stamp

household, the applicant is not considered by JTPA to be a member of a public assistance or food stamp household.

- (3) A person confined in a correctional institution shall be considered a family of one.
- (4) A handicapped individual may be considered a family of one.
- (5) Any individual 14 years of age or older, who provided more than 50% of his/her own support during the eligibility determination period may be considered a family of one without regard to whether the individual is emancipated under State law.
- (6) An individual at least 55 years of age who received more than 50% of his/her support from his/her child or children may be considered a family of one.

17. RACE/ETHNIC GROUP - Check one designation of the applicant's race/ethnic group from among the categories below. For purposes of recording this item, select the category which most closely reflects the applicant's recognition in his/her community.

- 1. White (not Hispanic)
- 2. Black (not Hispanic)
- 3. Hispanic
- 4. American Indian or Alaska Native
- 5. Asian or Pacific Islander

18. FAMILY INCOME - Record the applicant's family income for the 26 weeks preceding the Date of Application (#1); this 26-week period shall end with and include the last full calendar week (Sunday to Saturday) prior to the application date.

When figuring family income, DO NOT COUNT:

- a. Black lung payments received under the Benefits Reform Act of 1977
- b. Capital gains and losses
- c. Child support payments
- d. Educational assistance and compensation payments to veterans and other eligible persons under Title 38 of the United States Code;

Chapter 13 - Dependent Indemnity Compensation for Service-Connected Death

Chapter 31 - Vocational Rehabilitation

Chapter 34 - Veterans' Education Assistance

Chapter 35 - War Orphans' and Widows' Educational Assistance

Chapter 36 - Administration of Education Benefits

- e. Employment and training program payments made to participants from federal fund, including:
  - (1) Payments made by JTPA programs, except on-the-job training (OJT)
  - (2) Payments made by programs funded by Title V of the Older Americans Act, and
  - (3) WIN (Work Incentive) Program incentive payments and training allowances
- f. Food Stamps, compensation received in the form of food or housing, and other noncash income

- l. Payments received under the Trade Act of 1974, as amended
- m. Rental value of owner-occupied property
- n. Social Security payments received pursuant to a State plan approved under Titles I, II, IV (AFDC), X, or XVI (SSI) of the Social Security Act
- o. Unemployment benefits, whether State, federal or local
- p. Assistance received through the Refugee Assistance Act of 1980
- q. Assistance received through county departments of social services as general assistance payments

Family size shall be the maximum number of family members during the eligibility determination period. When computing family income, income of a spouse and/or other family members shall be counted for the portion of the eligibility determination period that the person was actually a part of the family unit.

19. ECONOMIC STATUS - One of the three categories shown must be checked after the status has been determined. The information from items #6 (County of Residence), #15 (Number in Family), and #18 (Family Income) of the PD-1 (Application) is needed to determine economic status. Also needed is the current "JTPA Economically Disadvantaged Income Levels" chart.

The "Income Levels" chart shows the maximum income the applicant's family can have for the six-month (26-week) eligibility determination period and the applicant still be eligible for JTPA. Income, however, is not the only basis for eligibility determination, and the applicant may qualify for, or be disqualified ..., JTPA participation in some other way. The maximum incomes are shown by family size and are separated into two categories --- "metropolitan" (metro) and "non-metropolitan" (non-metro). The federal government classifies certain North Carolina counties as "metro" because it costs a family significantly more to live there than the average cost of living in the State. The "metro" counties are listed near the bottom of the chart. Any county not listed is "non-metro."

Item #6 on the PD-1 indicates the county in which the applicant lives. If that county is one of those listed on the income chart as "metro", the numbers to the right of "metro" on the chart will be

Use this chart to determine economic status on PD-1 forms with an application date after August 25, 1987.

used to determine economic status. Find the applicant's family size (PD-1 item #15), which is represented by the numbers 1 thru 8 above the income figures on the chart. Read the dollar amount below the family size from the line of "metro" figures. This amount is the maximum income the applicant's family can have during the six-month eligibility determination period and the applicant still be eligible for JTPA, based on income. If the amount from PD-1 item #18 (Family Income) is the same as or less than the maximum allowable income figure given for the applicant's family size, the applicant is eligible for JTPA participation to the extent that income is a factor. Again, any of several other criteria could disqualify the applicant.

The maximum allowable income which was located on the "metric" line of figures below the applicant's family size will have either one or two asterisks beside it. If one asterisk appears beside the income figure, that figure was taken from the federal government's chart giving income levels which do not exceed 70% of the "Lower Living Standard Income Level" (70% LLSIL). Check "2" (70% LLSIL) if the income figure has one asterisk beside it. Two asterisks beside the figure mean the figure was taken from the chart of poverty level incomes issued by the federal government. Check "1" (Poverty Level) if the income figure has two asterisks beside it. Figures given for each family size represent the higher of the 70% LLSIL figure or the poverty level figure.

If the applicant's family income (PD-1 item #18) is higher than the maximum allowable figure from the income chart, the applicant is not eligible for JTPA based on income alone. Check "3" (Neither) because family income exceeds both the poverty level and 70% LLSIL maximums.

22. AFDC? - Check "Y" (Yes) only if the applicant is a member of an assistance unit (according to the agency providing the payments) receiving income or money payments pursuant to a State plan approved under the Social Security Act, Title IV (Aid to Families With Dependent Children). Otherwise, check "N" (No). If "Y" (Yes) is checked, record the grant amount per month and the AFDC case number. Since the length of county case numbers varies across the State, use the eight-digit State AFDC case number when obtainable. If the county case number has less than eight digits, record only the digits given to you by the county Department of Social Services.
23. SSI? (APPLICANT ONLY) - Check "Y" (Yes) if the applicant is receiving any cash supplemental income or money payments pursuant to a State plan approved under the Social Security Act, Title XVI (Supplemental Assistance Income for the Aged, Blind, and Disabled). Otherwise, check "N" (No). If "Y" (Yes) is checked, record the grant amount per month.
24. GENERAL ASSISTANCE? - Check "Y" (Yes) if the applicant is a member of an assistance unit (according to the agency providing the payments) receiving any cash general assistance payments.

Otherwise, check "N" (No). If "Y" (Yes) is checked, record the grant amount per month.

North Carolina General Assistance available from county Departments of Social Services, is the term applied to public financial assistance granted to needy people who did not meet the eligibility requirements for other types of public assistance. "General Assistance" is for emergency assistance either for those who do not qualify for public assistance or who are awaiting receipt of public assistance. It is usually short term and provides basic needs (food, clothing, and shelter). For TPA purposes, only cash payments are recorded in the grant amount per month.

25. REFUGEE ASSISTANCE? - Check "Y" (Yes) if the applicant is a member of an assistance unit (according to the agency providing the payments) receiving income or money payments under the Refugee Assistance Act of 1980. Otherwise, check "N" (No). If "Y" (Yes) is checked, record the grant amount per month and the case number. U.S. citizens are not eligible to receive payments under the Refugee Assistance Act.
26. FOOD STAMP RECIPIENT? - Check "Y" (Yes) if the applicant is a member of a food stamp household (according to the agency providing the food stamps) receiving food stamps pursuant to the Food Stamp Act of 1977. Otherwise, check "N" (No).

LAST DATE EMPLOYED - Record the actual ending date or closest estimation (month, day, year) of the date of last employment. If the applicant is currently employed or has never been employed, enter zeros. If the applicant has been employed during the last seven (7) days but is not employed on the date of application, the Labor Force Status will still be "1" (Employed) and the response (month, day, year) in Last Day Employed should indicate that the employment ended within the preceding seven (7) days. If the applicant was not in the Labor Force during the preceding twenty-six (26) weeks but has some prior employment, enter the closest estimation (month, day, year) of the date of last employment.

If the applicant's LABOR FORCE STATUS (#29) is "1" (Employed) or if Last Day Employed (#29) is completed, a DOT code must be entered.
33. HOURLY WAGE ON LAST JOB HELD IN PREVIOUS 13 WEEKS - Enter the amount of the applicant's hourly wage on the last job he/she worked during the 13 weeks preceding the date of application. If the applicant is employed, enter the present hourly wage. If the applicant has not worked during the 13-week period, enter zeros. When the Last Date Employed (#29) is within 13 weeks of the DATE OF APPLICATION (#1) or when Labor Force Status (#29) is checked "1" (Employed), a wage must be entered.
34. AVERAGE HOURS WORKED PER WEEK IN LAST JOB HELD IN PREVIOUS 13 WEEKS

This SID number in some cases may be used here as the SSN.

A valid Social Security Number (issued by the Social Security Administration) will be required for persons who will be enrolling in the following activities: any project assigned an activity sub-type coding "03", any project assigned an activity type coding "D" or "B" or "C", projects assigned the activity type/sub-type coding "H-20" or "H-21".

It will be reflected throughout the participant's automated record. All paper files must be manually updated. Write the correct number in the spaces provided in item #3 and the incorrect number above the spaces provided. Circle the correct number. An authorized data entry operator must have both numbers to change a Social Security Number. Record the date of birth in item #9 to facilitate matching the new Social Security Number with the original number.

- (2) Single Head of Household (#14) must be checked "yes" on the applicant's PD-1

If the Activity Subtype is "03" (Limited Work Experience), the participant must already be enrolled in a project having an Activity Type which is the same as the Activity Type of the "03" project. The activity subtype of the existing project cannot be "03".

If the Activity Subtype is "16" (Services to Completers), then a termination must already exist in the computer. The termination status in item #5 on the PD-4 must be "01" (Entered Unsubsidized Employment) or "03" (Entered Registered Apprenticeship Program). The enrollment date in item #4 of the PD-2 must be within six
